STAINLESS STEEL RESCUE LITTER

FEATURING STRÄTLOAD™ ATTACHMENT POINTS

Benefits

- Four models to choose from
- SträtLoad™ attachment points prevent cross gate and side loading of carabiners
- Larger round rail is easy on the hands during transport
- Patients are more comfortable with the soft but durable netting and molded back support.

Features

- **Optional Models** - The litters are available in a tapered or rectangular design as well as a one-piece or split apart design.
- **Standard SträtLoad™ Attachment Points** - Patented attachment points that make it quick, easy, and safer to clip your Litter Bridle into.
- **Large Top Tube** - The 25.4 mm top tube is very easy to hold onto, especially on long carries.
- **Durathene™ Netting** - Replaces the old-style chicken wire.
- **High-density polyethylene back support** - No more splinters from wooden back supports, and it is extremely durable.
- **Four litter straps included.**
